## **Quanta Services Selected by Enbridge Pipelines for Phase 2 of the Line 3 Replacement Program in Canada**

### **Includes Installation of 236 Miles of 36" Diameter Mainline Pipe**

HOUSTON, July 25, 2018 /PRNewswire/ -- Quanta Services, Inc. (NYSE: PWR) announced today that it was selected by Enbridge Pipelines Inc. for three spreads of phase two of the Canadian section of the Line 3 Replacement Program. Quanta's scope of work includes the construction and installation of approximately 236 miles (380 kilometers) of new 36-inch diameter crude oil mainline pipe, which will begin in White City, Saskatchewan and continue to Brandon, Manitoba. Quanta's construction on the project is expected to begin in August 2018 and is anticipated to achieve substantial completion in the first half of 2019.

### **About Quanta Services**

Quanta Services is a leading specialized contracting services company, delivering infrastructure solutions for the electric power, oil and gas and communications industries. Quanta's comprehensive services include designing, installing, repairing and maintaining energy and communications infrastructure. With operations throughout the United States, Canada, Latin America, Australia and select other international markets, Quanta has the manpower, resources and expertise to safely complete projects that are local, regional, national or international in scope. For more information, visit [www.quantaservices.com](http://www.quantaservices.com).

### **Forward Looking Statements**

This press release (and any oral statements regarding the subject matter of this press release) contains forward-looking statements intended to qualify for the "safe harbor" from liability established by the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to, any expected value of the contract or project; the scope, services, terms and results of the project awarded under the contract; the expected economic impact of the project; the anticipated commencement and completion dates for the project; and the safety, efficiency or success of the project; as well as statements reflecting expectations, intentions, assumptions or beliefs about future events and other statements that do not relate strictly to historical or current facts. Although Quanta's management believes that the expectations reflected in such forward-looking statements are reasonable, it can give no assurance that such expectations will prove to be correct. These statements can be affected by inaccurate assumptions and by a

variety of risks and uncertainties that are difficult to predict or beyond our control, including, among others, the effects of industry, economic or political conditions outside of the control of Quanta; successful performance and completion of the contract and the project awarded thereunder; failure to realize the anticipated value of the contract or the project; delays, reductions in scope or cancellations of the contract or the project awarded thereunder, including as a result of weather, regulatory or environmental issues, project performance issues, claimed force majeure events, protests or other political activity associated with the project, legal challenges to the project, or customer capital constraints; the potential for claims associated with schedule delays, performance shortfalls or Quanta's inability or failure to comply with the terms of the contract for the project, which may result in additional costs, unexcused delays, warranty claims, failure to meet performance guarantees, damages or contract termination; the inability or refusal of the customer to pay for Quanta's services; failure of the customer to comply with applicable regulatory requirements, which could result in delay or cancellation of the project; fluctuations in the prices of certain materials used for the project; the failure of suppliers, subcontractors or other third party contractors to perform their obligations, including warranty obligations, under their subcontracts; adverse changes in economic conditions and trends in relevant markets; cancellation and termination provisions present in the contract; and other risks and uncertainties detailed in Quanta's Annual Report on Form 10-K for the year ended Dec. 31, 2017, Quanta's Quarterly Report on Form 10-Q for the quarter ended Mar. 31, 2018 and any other documents that Quanta files with the Securities and Exchange Commission (SEC). For a discussion of these risks, uncertainties and assumptions, investors are urged to refer to Quanta's documents filed with the SEC that are available through the company's website at [www.quantaservices.com](http://www.quantaservices.com) or through the SEC's Electronic Data Gathering and Analysis Retrieval System (EDGAR) at [www.sec.gov](http://www.sec.gov). Should one or more of these risks materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those expressed or implied in any forward-looking statements. Investors are cautioned not to place undue reliance on these forward-looking statements, which are current only as of this date. Quanta does not undertake and expressly disclaims any obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Quanta further expressly disclaims any written or oral statements made by any third party regarding the subject matter of this press release.
