Dear Valued Customer,

I am very pleased to tell you that Quanta has today announced that we have agreed to acquire InfraSource Services, Inc. This is very exciting news for our companies and I believe it is a combination that will allow us to better serve our customers.

Combining our resources with InfraSource will create a company with a larger, more flexible workforce, advanced equipment, innovative technologies and proprietary methodologies. InfraSource will bring to Quanta enhanced capabilities in areas such as engineering, transmission and distribution installation and maintenance, substation and industrial services, natural gas distribution, and telecommunications installation and maintenance.

I want to assure you that this transaction will not compromise the high quality day-to-day service and commitment to safety that you have come to expect from partnering with Quanta — we believe it will only enhance them. Our increased size, flexibility and capabilities will allow us to better meet your evolving infrastructure needs and respond quickly and effectively in emergency situations.

Please keep in mind that this announcement is the first step in a long process and, until it closes, we will continue to operate as completely separate companies. Before our companies can combine, certain conditions, such as shareholder and regulatory approvals, must be met. As we indicate in the attached press release, we don't expect this transaction to close until the third quarter of this year. Should you have any questions during this process, please contact me directly. Additional information can be found on our website at www.quantaservices.com.

All of us at Quanta appreciate your continued support and, as always, we look forward to maintaining our partnership with you well into the future.

Sincerely,
