**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 21, 2009**

To our Stockholders:

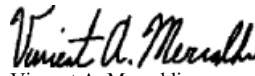

The Annual Meeting of Stockholders of Quanta Services, Inc. (Quanta) will be held at 1330 Post Oak Boulevard, Level 2, Central Plains Room, Houston, Texas 77056, on May 21, 2009 at 9:00 a.m. local time.

At the meeting, you will be asked to consider and act upon the following matters, which are more fully described in the accompanying Proxy Statement:

1. election of eleven members of our Board of Directors, ten by the holders of Common Stock and one by the holders of Limited Vote Common Stock;
2. ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm; and
3. any other matters that properly come before the meeting or any adjournments of the meeting.

Our stockholders of record at the close of business on March 23, 2009 are entitled to notice of, and to vote at, the annual meeting and any adjournments of the meeting.

By Order of the Board of Directors,

Vincent A. Mercaldi
Corporate Secretary

Houston, Texas

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD
ON MAY 21, 2009**

This Proxy Statement and Quanta's 2008 Annual Report to Stockholders are available at www.quantaservices.com.

YOUR VOTE IS IMPORTANT

You are cordially invited to attend the annual meeting in person. To assure your representation at the meeting, please vote promptly whether or not you expect to be present at the meeting. You can vote your shares by signing and dating the enclosed proxy card and returning it in the accompanying envelope or, if you hold your shares through a broker, via the Internet or telephone. You will find specific instructions for voting via the Internet or telephone on the proxy card if that option is available for your shares. If you attend the meeting, you may revoke your proxy and vote your shares in person. If you hold your shares through a broker and wish to vote at the meeting, you will need to obtain a proxy from the institution that holds your shares.

If you choose to attend the meeting, you will be asked to present valid picture identification, and if you hold your shares through a broker, you will be asked to present a copy of your brokerage statement showing your stock ownership as of March 23, 2009.

PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 21, 2009

We are distributing this Proxy Statement, the form of proxy and our 2008 Annual Report beginning on or about April 17, 2009.

ABOUT THE MEETING

What is the purpose of the meeting?

At the meeting, you and our other stockholders will act upon proposals to elect members of our Board of Directors (the Board) and ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

Who is entitled to vote at the meeting?

Only holders of record of our Common Stock, par value \$0.00001 per share, and Limited Vote Common Stock, par value \$0.00001 per share, at the close of business on March 23, 2009, the record date for the meeting, are entitled to notice of and to participate in the annual meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or at any adjournments of the meeting unless a new record date is then set.

As of March 23, 2009, 197,630,942 shares of our Common Stock and 662,293 shares of our Limited Vote Common Stock were outstanding and entitled to vote. In addition, on March 23, 2009, we had 8,658,480 shares of Common Stock reserved for issuance upon the conversion of our outstanding 3.75% Convertible Subordinated Notes due 2026, which are not entitled to vote at the meeting.

What are the voting rights of the holders of Common Stock and Limited Vote Common Stock?

Each share of Common Stock is entitled to one vote on each matter on which it may vote. With respect to the election of directors, holders of Common Stock, voting as a class, will elect ten directors.

Holders of Limited Vote Common Stock, voting as a class, will elect one director. Each share of Limited Vote Common Stock is entitled to one-tenth of one vote on each other matter on which it may vote.

On all matters other than the election of directors, holders of Common Stock and Limited Vote Common Stock will vote together.

Who can attend the meeting?

All stockholders of record as of March 23, 2009, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Seating, however, is limited. Admission to the meeting will be on a first-come, first-served basis. Registration will begin at 8:00 a.m. and seating will begin at 8:30 a.m. Each stockholder will be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting. To obtain directions to be able to attend the meeting and vote in person, please contact our Corporate Secretary at 713-629-7600.

Table of Contents

Please note that if you hold your shares in “street name” (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

How do I vote?

You may vote your shares in any of the following manners:

1. by signing and dating the enclosed proxy card and returning it in the accompanying envelope;
2. if you hold your shares through a broker, by going to the website www.proxyvote.com, with your proxy card in hand, and following the instructions (not available to holders of Limited Vote Common Stock);
3. if you hold your shares through a broker, by telephone following the instructions included with your proxy card (not available to holders of Limited Vote Common Stock); or
4. by written ballot at the meeting.

If you are a stockholder of record and you attend the meeting, you may deliver your completed proxy card in person. If you hold your shares in “street name” and you wish to vote at the meeting, you will need to obtain a proxy from the broker or nominee that holds your shares.

Whether or not you plan to attend the meeting, we encourage you to vote by proxy as soon as possible.

What is the difference between holding shares as a stockholder of record and in “street name”?

Many stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. This is often called holding shares in “street name.” As summarized below, there are some distinctions between record stockholders and “street name” holders.

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the stockholder of record for those shares, and these proxy materials are being sent directly to you.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of those shares and you hold your shares in “street name.” In this case, proxy materials are being forwarded to you by your broker or nominee. As the beneficial owner, you have the right to direct your broker how to vote and are also invited to attend the annual meeting. However, because you are not a stockholder of record, you may not vote these shares in person at the annual meeting unless you bring with you a proxy from your broker or nominee. Your broker, bank or nominee has enclosed a voting instruction card for you to use in directing the vote of your shares.

What are broker non-votes?

Broker non-votes occur when you hold your shares through a broker, bank or other nominee and your broker, bank or other nominee does not vote your shares on a particular matter because (i) the New York Stock Exchange (NYSE) does not deem the matter “routine” and (ii) your broker, bank or other nominee has not received voting instructions from you. On routine matters, such as the election of directors and the ratification of the appointment of our independent registered public accounting firm, your broker, bank or other nominee can vote your shares without instructions from you.

Can I change my vote after I return my proxy card?

Yes. You may change your vote at any time before the proxy is exercised, even after you have submitted your proxy card, by filing with our Corporate Secretary either a written notice of revocation or a duly executed proxy card bearing a later date. The powers of the proxy holders will be suspended with respect to your shares if

Table of Contents

you attend the meeting in person and vote your shares in person by completing a written ballot. Attendance at the meeting will not by itself revoke a previously granted proxy. If you hold your shares in “street name” and you wish to change your vote at the meeting, you will need to obtain a proxy from the broker, bank or nominee that holds your shares.

What constitutes a quorum?

With respect to the election of directors, a majority of the outstanding shares of each of the Common Stock and Limited Vote Common Stock entitled to vote must be present, either in person or by proxy, to constitute a quorum.

For all other matters, a majority of the outstanding shares entitled to vote of the Common Stock and Limited Vote Common Stock in the aggregate must be present, either in person or by proxy, to constitute a quorum. As of March 23, 2009, 197,629,930 shares of Common Stock and 662,293 shares of Limited Vote Common Stock were outstanding and entitled to vote. Properly executed proxies received but marked as abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

What vote is required to approve each item to be voted on at the meeting?

Directors are elected by a plurality of the votes of the shares present in person or represented by proxy and entitled to vote. Accordingly, the ten nominees who receive the highest number of properly executed “FOR” votes from the holders of Common Stock, and the one nominee who receives the highest number of properly executed “FOR” votes from the holders of Limited Vote Common Stock, will be elected as directors.

Ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of the majority of the voting power of Common Stock and Limited Vote Common Stock in the aggregate present at the meeting in person or by proxy and entitled to vote on the matter.

Under Delaware law, any other matter properly coming before the meeting will be decided by the vote of the holders of a majority of the shares present at the meeting in person or by proxy and entitled to vote on that matter, with all classes of stock voting together.

A properly executed proxy marked “ABSTAIN” with respect to any other matter is considered entitled to vote and thus, will have the effect of a vote against a matter, except for the election of directors. A properly executed proxy marked as a broker non-vote is not considered entitled to vote and thus, will not be counted as a vote for or against any other matter properly coming before the meeting and will have no effect on the outcome of the vote.

What are the Board’s recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on your properly completed proxy card will vote in accordance with the recommendations of the Board. The Board recommends a vote “FOR” the election of each of the director nominees and “FOR” ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm. With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

What if I receive more than one proxy card?

If you hold your shares in more than one type of account or your shares are registered differently, you may receive more than one proxy card. We encourage you to vote each proxy card that you receive.

Where can I find the voting results of the meeting?

We plan to announce preliminary voting results at the meeting and publish final results in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2009.

PROPOSAL NO. 1:

ELECTION OF DIRECTORS

The Board currently consists of eleven directors, whose current terms of office all expire at the 2009 annual meeting. The Board proposes that the following eleven nominees be elected for a new term of one year or until their successors are duly elected and qualified or until their earlier death, resignation or removal. Each of the nominees has consented to serve if elected. If a nominee becomes unavailable to serve as a director, the Board may designate a substitute nominee. In that case, the persons named as proxies will vote for the substitute nominee designated by the Board. Proxies cannot be voted for a greater number of persons than the number of nominees named below.

The directors standing for election by each class of shares entitled to vote are:

INFORMATION CONCERNING THE BOARD OF DIRECTORS AND COMMITTEES

Director Meetings

During the year ended December 31, 2008, the Board held seven meetings. All directors attended at least 75% of the meetings of the Board and the committees of the Board, if any, on which they served during the periods for which they have served as a director. We encourage, but do not require, the members of the Board to attend the annual meeting of stockholders. Last year, ten of our directors attended the annual meeting of stockholders.

Board Structure

As of the date of this Proxy Statement, the Board is composed of eleven directors.

CORPORATE GOVERNANCE

We are committed to having sound corporate governance practices that maximize stockholder value in a manner consistent with legal requirements and the highest standard of integrity. In that regard, the Board has adopted guidelines that provide a framework for the governance of Quanta. In addition, we continually review these guidelines and regularly monitor developments in the area of corporate governance. Our Corporate Governance Guidelines are posted on our website at www.quantaservices.com under the heading “Corporate Governance,” and a printed copy may be obtained without charge upon written request to Corporate Secretary, Quanta Services, Inc., 1360 Post Oak Blvd., Suite 2100, Houston, Texas 77056.

Board Independence

The Board has determined that Messrs. Ball, Conaway, DiSibio, Foster, Fried, Golm, Jackman, Ranck and Wood have no material relationship with Quanta (either directly or as a partner, shareholder or officer of an organization that has a relationship with Quanta) and are “independent” within the meaning of the NYSE’s corporate governance listing standards. The Board has made this determination based on its finding that these independent directors meet the categorical standards for director independence set forth in our Corporate Governance Guidelines as currently in effect, which are more stringent than the NYSE director independence standards. Our Corporate Governance Guidelines, which include our categorical standards for director independence, are posted on our website at www.quantaservices.com under the heading “Corporate Governance.”

Audit Committee

The Board has examined the composition of the Audit Committee in light of Securities and Exchange Commission (SEC) regulations, NYSE rules governing audit committees and our Corporate Governance Guidelines. Based upon this examination, the Board has confirmed that each of the members of the Audit Committee is “independent” within the meaning of SEC regulations, NYSE corporate governance listing standards and our Corporate Governance Guidelines. The Audit Committee is established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the Exchange Act). The Audit Committee operates under a formal charter adopted by the Board that governs its duties and conduct. The Audit Committee Charter is posted on our website at www.quantaservices.com under the heading “Corporate Governance,” and a printed copy may be obtained without charge upon written request to Corporate Secretary, Quanta Services, Inc., 1360 Post Oak Blvd., Suite 2100, Houston, Texas 77056. The membership and number of meetings held during the last fiscal year and the primary responsibilities of the Audit Committee are described in “*Committees of the Board*” above. The Board has determined that Messrs. Conaway and Jackman are “audit committee financial experts” within the meaning of SEC regulations.

Compensation Committee

The Board has determined that each of the members of the Compensation Committee is “independent” within the meaning of NYSE corporate governance listing standards and our Corporate Governance Guidelines. The Compensation Committee operates under a formal charter adopted by the Board that governs its duties and standards of performance. The Compensation Committee Charter is posted on our website at www.quantaservices.com under the heading “Corporate Governance,” and a printed copy may be obtained without charge upon written request to Corporate Secretary, Quanta Services, Inc., 1360 Post Oak Blvd., Suite 2100, Houston, Texas 77056. The membership and number of meetings held during the last fiscal year and the primary responsibilities of the Compensation Committee are described in “*Committees of the Board*” above. For additional information on the Compensation Committee, including a description of its processes and procedures for the consideration and determination of NEO compensation, please see “*Compensation Discussion and Analysis — Compensation Committee*” below.

Governance and Nominating Committee

The Board has determined that each of the members of the Governance and Nominating Committee is “independent” within the meaning of NYSE corporate governance listing standards and our Corporate Governance Guidelines. The Governance and Nominating Committee operates under a formal charter adopted by the Board that governs its duties and standards of performance. The Governance and Nominating Committee Charter is posted on our website at www.quantaservices.com under the heading “Corporate Governance,” and a printed copy may be obtained without charge upon written request to Corporate Secretary, Quanta Services, Inc., 1360 Post Oak Blvd., Suite 2100, Houston, Texas 77056. The membership and number of meetings held during the last fiscal year and the primary responsibilities of the Governance and Nominating Committee are described in “*Committees of the Board*” above.

Code of Ethics and Business Conduct

The Board has adopted a Code of Ethics and Business Conduct that applies to all directors, officers and employees of Quanta and its subsidiaries, including the principal executive officer, principal financial officer and principal accounting officer or controller. The Code of Ethics and Business Conduct is posted on our website at www.quantaservices.com under the heading “Corporate Governance,” and a printed copy may be obtained without charge upon written request to Corporate Secretary, Quanta Services, Inc., 1360 Post Oak Blvd., Suite 2100, Houston, Texas 77056. We intend to post at the above location on our website any amendments or waivers to the Code of Ethics and Business Conduct that are required to be disclosed pursuant to Item 5.05 of Form 8-K.

Executive Sessions of Non-Management Directors

In accordance with the NYSE corporate governance listing standards, our non-management directors meet in executive session without management following each regularly scheduled Board meeting. In addition, our “independent” directors meet in executive session at least once each year without the directors who are not “independent.” These sessions are presided over by a Presiding Director who is selected on a rotating basis by the participants at each session.

Communications with the Board

Stockholders and other interested parties may communicate with one or more of our directors, including any Presiding Director or our non-management directors as a group, a committee or the full Board by writing to Corporate Secretary, Quanta Services, Inc., 1360 Post Oak Blvd., Suite 2100, Houston, Texas 77056. All communications will be reviewed by the Corporate Secretary and forwarded to one or more of our directors, as appropriate.

Director Qualifications

Our Corporate Governance Guidelines contain Board membership qualifications that the Governance and Nominating Committee considers in selecting nominees for our Board. Pursuant to these qualifications, members of the Board should possess the highest standards of personal and professional ethics, integrity and values, and be committed to representing the long-term interests of our stockholders. They must also have an inquisitive and objective perspective, practical wisdom, mature judgment, the willingness to speak their mind and the ability to challenge and stimulate management in a constructive manner. In addition, Board members should have experience at the policy-making level in business, government, education or technology, and in areas that are relevant to our business. Further, they should have demonstrated leadership skills in the organizations with which they are or have been affiliated. Members of the Board must also be willing to devote sufficient time to carrying out their duties and responsibilities effectively and should be committed to serve on the Board for an extended period of time.

Identifying and Evaluating Nominees for Director

The Governance and Nominating Committee regularly evaluates the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance and Nominating Committee will consider candidates for Board membership suggested by incumbent directors, management, third-party search firms and others. The Governance and Nominating Committee will also consider director nominations by stockholders that are made in compliance with the notice provisions and procedures set forth in our bylaws. For a discussion of these requirements, see “*Additional Information — Stockholder Proposals and Nomination of Directors for the 2010 Annual Meeting*” below. All applications, recommendations or proposed nominations for Board membership received by Quanta will be referred to the Governance and Nominating Committee. The manner in which the Governance and Nominating Committee evaluates the qualifications of a nominee for director does not differ if the nominee is recommended by a stockholder.

The Governance and Nominating Committee has the authority to retain a third-party search firm to help identify and facilitate the screening and interview process of potential director nominees, including screening candidates, conducting reference checks, preparing a biography of each candidate for the Governance and Nominating Committee to review and helping coordinate interviews.

Once the Governance and Nominating Committee has identified a potential director nominee, the committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the committee with the recommendation of the candidate, as well as the committee’s own knowledge of the candidate, which may be supplemented by inquiries to the person making the recommendation or others. The committee also may engage a third party to conduct a background check of the candidate. If the committee determines that additional consideration is warranted, the committee then will evaluate the extent to which the candidate meets the Board membership qualifications described in “*Director Qualifications*” above.

In addition, the Governance and Nominating Committee considers other relevant factors it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for a certain Board committee expertise, and the nature and extent of a candidate’s activities unrelated to Quanta, including service as a director on the boards of other public companies. In connection with this evaluation, the committee determines whether to interview the candidate, and, if warranted, the committee interviews the candidate in person or by telephone. The committee may also ask the candidate to meet with members of Quanta management. After completing this evaluation, if the committee believes the candidate would be a valuable addition to the Board, it will recommend to the Board the candidate’s nomination for appointment or election as a director.

Director Compensation

The Governance and Nominating Committee has the responsibility of recommending to the Board compensation and benefits for non-employee directors. The committee is guided by certain director compensation principles set forth in our Corporate Governance Guidelines. Directors who also are employees of Quanta or any of its subsidiaries do not receive additional compensation for serving as directors. John R. Colson, Chairman of the Board and Chief Executive Officer, and John R. Wilson, President of the Electric Power & Gas Division, are employees of Quanta and thus receive no compensation for their services as directors of Quanta. The compensation received by Messrs. Colson and Wilson as employees of Quanta is set forth in the 2008 Summary Compensation Table on page 27. Gary A. Tucci, Chief Executive Officer of Potelco, a subsidiary of Quanta, is an employee of a Quanta subsidiary and did not receive any additional compensation for services provided as a director of Quanta. Effective as of the 2008 annual meeting of stockholders, Mr. Tucci ceased serving as a director of Quanta.

Table of Contents

Pursuant to our director compensation policy, each non-employee director currently receives a fee for attendance at each meeting of the Board or any committee according to the following schedule: \$2,000 for attendance at a board meeting in person; \$1,000 for attendance at a board meeting by telephone; \$1,000 for attendance at a committee meeting in person; and \$500 for attendance at a committee meeting by telephone.

Upon initial election to the Board at an annual meeting of stockholders, each such initially elected non-employee director receives an annual cash retainer payment of \$30,000 and an annual award of shares of restricted stock having a value of \$120,000. Upon initial appointment to the Board other than at an annual meeting of stockholders, for the period from the appointment through the end of the director service year during which the appointment is made, each such initially appointed non-employee director currently receives a pro rata portion of both (i) an annual cash retainer payment of \$30,000 and (ii) an annual award of shares of restricted stock having a value of \$75,000. At every annual meeting of stockholders at which a non-employee director is re-elected or remains a director, each such re-elected or remaining non-employee director currently receives an annual cash retainer payment of \$30,000 and an annual award of shares of restricted stock having a value of \$75,000.

In addition, at every annual meeting of the Board, the chairman of the Audit Committee receives an annual cash retainer payment of \$10,000, the chairman of the Compensation Committee receives an annual cash retainer payment of \$5,000 and the chairman of the Governance and Nominating Committee receives an annual cash retainer payment of \$4,000.

Unless the director's service is interrupted, shares of restricted stock awarded to non-employee directors vest over three years in three equal annual installments. Any unvested shares of restricted stock will vest in full if the non-employee director is not nominated for or elected to a new term or resigns at our convenience. If the non-employee director voluntarily resigns or is asked to resign, or is removed for cause prior to vesting, all unvested shares of restricted stock will be forfeited. Directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board or the committees thereof, and for other expenses reasonably incurred in their capacity as directors of Quanta. Currently, nine non-employee director nominees are standing for election at this meeting.

The following table sets forth the compensation for each non-employee director during the 2008 fiscal year.

amounts from awards granted in and prior to 2008. Assumptions used in the calculation of these amounts are included in footnote 11 to our audited consolidated financial statements for the fiscal year ended December 31, 2008 included in our Annual Report on Form 10-K filed with the SEC on March 2, 2009. As of December 31, 2008, each non-employee director held the following aggregate number of vested shares of restricted stock: Mr. Ball: 20,386; Mr. Conaway: 663; Mr. DiSibio: 1,838; Mr. Foster: 43,029; Mr. Fried: 33,209; Mr. Golm: 52,636; Mr. Jackman: 11,597; Mr. Ranck: 16,597; and Mr. Wood: 5,808. As of the 2008 annual meeting of stockholders, at which time Messrs. Buckman and Helwig each ceased serving as a director of Quanta, Mr. Buckman held 1,988 vested shares of restricted stock and Mr. Helwig held 1,988 vested shares of restricted stock. It is unknown to us how many vested shares of restricted stock Messrs. Buckman and Helwig respectively held as of December 31, 2008 as each ceased being subject to applicable reporting requirements prior to year end. The following dollar amounts represent the grant date fair value of each award of restricted stock granted during the fiscal year ended December 31, 2008 in accordance with SFAS No. 123(R) to each non-employee director: Mr. Ball: \$75,000; Mr. Buckman: \$0; Mr. Conaway: \$75,000; Mr. DiSibio: \$75,000; Mr. Foster: \$75,000; Mr. Fried: \$75,000; Mr. Golm: \$75,000; Mr. Helwig: \$0; Mr. Jackman: \$75,000; Mr. Ranck: \$75,000; and Mr. Wood: \$75,000.

- (2) As of December 31, 2008, each non-employee director held the following aggregate number of outstanding stock options: Mr. Ball: 30,000; Mr. Foster: 30,000; and Mr. Golm: 10,000.
- (3) Effective as of the 2008 annual meeting of stockholders, Messrs. Buckman and Helwig each ceased serving as a director of Quanta.

Compensation Committee Interlocks and Insider Participation

In 2008, James R. Ball, Ralph R. DiSibio, Louis C. Golm and Bruce Ranck served as members of the Compensation Committee. None of these persons served as an employee or officer of Quanta or any of its subsidiaries during 2008 or was formerly an officer of Quanta or any of its subsidiaries. Additionally, no executive officers served on the compensation committee or as a director of another company, one of whose executive officers served on Quanta's Compensation Committee or as a director of Quanta.

From 1997 until joining Quanta, he served as Vice President of Network/National Sales for Exelon Infrastructure Services, Inc., a provider of transmission and distribution infrastructure services to electrical, gas, telecommunications and cable industries. Mr. Bosco holds an M.B.A. degree.

James F. O'Neil III has served as our President and Chief Operating Officer since October 2008 and served as our Senior Vice President of Operations Integration and Audit from December 2002 until October 2008 and as our Vice President of Operations Integration from August 1999 until December 2002. Mr. O'Neil holds a Bachelor of Science in Civil Engineering degree.

Darren B. Miller has served as our Vice President of Information Technology and Administration since October 2003. From 1996 until May 2003, Mr. Miller held various positions with Encompass Services Corporation, a provider of facilities systems and services to the construction, healthcare, commercial realty and technology industries, most recently serving as Senior Vice President and Chief Financial Officer.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Compensation Discussion and Analysis

Compensation Committee

Overview

The Compensation Committee administers the compensation programs for all of our named executive officers, or NEOs. As described above under *‘Information Concerning the Board of Directors — Committees of the Board;’* the Board has determined that each member of the Compensation Committee is “independent” within the meaning of the NYSE corporate governance listing standards and our Corporate Governance Guidelines. The Compensation Committee’s guiding principles with respect to NEO compensation are:

- to align our NEOs’ incentives with stockholder value creation,
- to attract, motivate and retain the best possible executive officer talent by maintaining compensation programs that allow us to effectively compete with our competitors,
- to tie cash and stock incentives to the achievement of measurable corporate, business unit and individual performance goals that are linked to our long-term strategic plans, and
- to promote an ownership culture.

Consistent with these principles, the Compensation Committee has implemented and maintained compensation plans that reward our NEOs for their contributions to Quanta’s short-term and long-term performance and for creating and building stockholder value. Overall, the total potential compensation payouts for our NEOs are intended to create compensation opportunities competitive with the median compensation levels of our peer companies (as identified below).

In the first quarter of each fiscal year, the Compensation Committee meets to discuss our prior year’s financial performance, to evaluate the performance of our NEOs and to determine the amounts, if any, that will be awarded to each NEO under our annual, supplemental and discretionary incentive plans (each of which is described below) for the prior fiscal year. In addition, during the first quarter of each fiscal year, the Compensation Committee establishes the upcoming fiscal year’s financial performance goals and strategic goals that will be used in evaluating the performance of each NEO under our incentive plans and establishes compensation targets for each NEO for the upcoming fiscal year. In establishing compensation targets for the NEOs for the upcoming fiscal year, and as further discussed below, the Compensation Committee takes into account a variety of factors, including individual performance, results of the most recent compensation benchmarking study and published compensation survey data for our industry, internal equity assessments and input from our Chief Executive Officer (other than as to his own compensation targets).

Use of Compensation Benchmarking Studies and Published Compensation Survey Data

One of the guiding principles of the Compensation Committee’s compensation setting process is to attract, motivate and retain the best possible executive officer talent, which is an important determinant of the success of our business. Consistent with this guiding principle, the Compensation Committee generally establishes target pay standards for our NEOs that are competitive with median market levels. To determine competitive market pay levels, the Compensation Committee utilizes a compensation benchmarking study and published compensation survey data for our industry that are prepared and compiled for the committee by outside consultants. The compensation benchmarking study and the published compensation survey data are factors in establishing the overall compensation levels for our NEOs, in determining the significance of individual

Table of Contents

components of compensation and in allocating compensation between long-term and short-term compensation and cash and non-cash compensation. Typically, the Compensation Committee engages an outside consultant to conduct a compensation benchmarking study for it every year for our NEOs.

Although the Compensation Committee believes compensation benchmarking studies play an important role in establishing competitive compensation practices, it only uses such studies as a point of reference for measurement and not as a determinative factor for our NEOs' compensation. The compensation benchmarking studies do not supplant the significance of the individual performance of our NEOs that the Compensation Committee considers when making compensation decisions. Because the information provided by compensation benchmark studies is just one of the pieces of information that are used in setting executive compensation, the Compensation Committee has discretion in determining the nature and extent of its use.

The Compensation Committee Charter grants to the Compensation Committee the authority to hire and fire its advisors and compensation consultants and to approve their compensation. These advisors report directly to the Compensation Committee.

In 2008, the Compensation Committee independently retained Ernst & Young LLP (E&Y) to perform a compensation benchmarking study (the 2008 E&Y Compensation Benchmarking Study) for our NEOs that would provide market data for base salary, total cash compensation (base salary plus annual incentive compensation) and total direct compensation (total cash compensation plus long-term incentive compensation) for each applicable NEO position. E&Y did not provide, and was not asked by the Compensation Committee to provide, recommendations as to specific compensation payments to our NEOs. The Compensation Committee instructed E&Y to report directly to it, but authorized E&Y to communicate with Darren B. Miller, our Vice President of Information Technology and Administration, to obtain information. E&Y, with input from our management, assembled a group of companies for the purpose of obtaining competitive data and, with Compensation Committee approval, selected the following ten companies for inclusion in the 2008 E&Y Compensation Benchmarking Study because, at the time, they were our direct competitors or because they provided similar services and were of a similar market capitalization:

- Chicago Bridge & Iron Company N.V.
- Comfort Systems USA, Inc.
- Dycom Industries, Inc.
- Emcor Group, Inc.
- Fluor Corporation
- Jacobs Engineering Group Inc.
- MasTec, Inc.
- Pike Electric Corporation
- The Shaw Group Inc.
- URS Corporation

As a result of mergers, acquisitions and other changes, the Compensation Committee will periodically update the companies in our future compensation benchmarking studies using the criteria outlined above.

Table of Contents

The 2008 E&Y Compensation Benchmarking Study provided the Compensation Committee with information regarding compensation programs of, and the average and median compensation levels among, the ten companies listed above in the peer group. E&Y also utilized several sources of published compensation survey data by matching, to the extent possible, with management's input, the titles and job descriptions of our NEOs with those in the surveys to provide us with additional competitive compensation information. The Compensation Committee utilized, with respect to Messrs. Colson, Haddox, Trawick and Wilson, the results of the 2008 E&Y Compensation Benchmarking Study and the published compensation survey data and, with respect to Mr. Jensen, the published compensation survey data, as one factor among several, including individual performance, in establishing compensation targets for the 2008 performance year (in the aggregate as well as for each component of our compensation plans, including base salary).

In 2009, the Compensation Committee further retained E&Y to perform another compensation benchmarking study that provided market data for base salary, total cash compensation (base salary plus annual incentive compensation) and total direct compensation (total cash compensation plus long-term incentive compensation) for each NEO position (the 2009 E&Y Compensation Benchmarking Study). The Compensation Committee utilized the 2009 E&Y Compensation Benchmarking Study as a guideline in establishing compensation targets for the 2009 performance year for our NEOs (in the aggregate as well as for each component of our compensation plans, including base salary.) In addition to the foregoing, the Compensation Committee has engaged E&Y from time to time in the past to assist it in reviewing the structure of our compensation plans.

Our Governance and Nominating Committee separately engaged E&Y in 2006 to perform a director compensation benchmarking study that provided it with market data for each element of board compensation, including cash retainers, meeting fees, committee fees and equity compensation. Additionally, management has engaged E&Y from time to time in the past to provide compensation benchmarking services to it with respect to non-executive officer positions to leverage E&Y's knowledge of Quanta and E&Y's previously performed data gathering work for the Compensation and Governance and Nominating Committees.

Management's Role in the Compensation-Setting Process

Our Chief Executive Officer plays an important role in setting compensation of our NEOs. The most significant aspects of our Chief Executive Officer's role are, after taking into account input from other members of management: (i) recommending compensation plans, (ii) recommending financial performance goals and strategic goals relating to each NEO (except for Mr. Jensen, who proposes his individual strategic goals to, and has them approved by, our Chief Financial Officer), (iii) evaluating NEO performance and (iv) recommending base salary levels and cash bonus and equity awards (other than with respect to himself). Although our Chief Executive Officer makes recommendations as to the compensation plans, goals, salary and awards relating to NEO compensation (excluding recommendations as to his salary and awards), the Compensation Committee has final authority and complete discretion in ultimately determining and setting NEO compensation plans, goals, salary and awards.

In the first quarter of each fiscal year, our Chief Executive Officer and certain of our other executive officers meet with the Compensation Committee to propose Quanta's financial performance goals for the current fiscal year. The Compensation Committee reviews these goals and adjusts them as it deems appropriate. Each of our NEOs proposes his individual strategic goals for the upcoming fiscal year to our Chief Executive Officer (except for Mr. Jensen, who proposes his individual strategic goals to, and has them approved by, our Chief Financial Officer). Our Chief Executive Officer reviews the submitted strategic goals and, together with his own individual strategic goals, submits them to the Compensation Committee for its consideration. Once the Compensation Committee has reviewed and modified, as necessary, such strategic goals, the Compensation Committee approves them and, along with the financial performance goals, utilizes them to determine payouts under our executive compensation plans. In addition, our Chief Executive Officer selects, with the approval of the Compensation Committee, the participants in our annual, supplemental and discretionary incentive plans for each fiscal year. The strategic goals and financial performance goals approved by the Compensation Committee for the 2008 performance year are discussed below.

Table of Contents

At the request of the Compensation Committee, our Chief Executive Officer and certain other executive officers also participate in the Compensation Committee meeting held in the first quarter of each year to review Quanta's and each NEO's performance in the prior fiscal year for the purposes of making any appropriate NEO compensation awards. Our Chief Executive Officer presents to the Compensation Committee his evaluation of the performance of the other NEOs (except for Mr. Jensen, whose performance is evaluated by our Chief Financial Officer), taking into account each of their prior year's strategic goals, and his compensation recommendations as to each of them. The Compensation Committee considers these evaluations and recommendations in determining salaries for the upcoming fiscal year and the awards to be made, if any, pursuant to our incentive plans for the prior fiscal year.

To assist the Compensation Committee as it makes its compensation decisions, management also prepares information for certain of the Compensation Committee meetings, including detailed spreadsheets indicating, among other things, the salary and compensation payouts, both cash and equity, approved by the Compensation Committee under our incentive plans for the year immediately preceding the year under consideration, the prior fiscal year's financial performance goals and individual strategic goals and the Chief Executive Officer's recommendations as to salary for the current year as well as to the compensation payouts (other than as to himself), both cash and equity, for the prior fiscal year under our incentive plans.

These spreadsheets also reflect the potential payments to each of our NEOs under selected performance scenarios, namely the amounts of compensation that would be payable under target payouts under our incentive plans. The overall purpose of these spreadsheets is to bring together, in one place, several of the elements of actual and potential future compensation of our NEOs, so that the Compensation Committee may analyze both the individual elements of compensation (including the compensation mix) as well as the total amount of actual and projected compensation for each NEO for a particular performance year.

None of our executive officers, including the Chief Executive Officer, are present at the Compensation Committee meetings at the time their performance relative to their respective goals and awards are discussed.

2008 Compensation Committee Meetings

The Compensation Committee met a total of seven times during the fiscal year ended December 31, 2008. The significant actions taken by the Compensation Committee with respect to executive compensation matters in 2008 include: (i) approving the payouts under our incentive plans relating to the 2007 performance year and approving the financial performance and individual strategic goals for the 2008 performance year, (ii) retaining E&Y to conduct the 2008 E&Y Compensation Benchmarking Study, (iii) adopting our annual incentive plan, supplemental incentive plan and discretionary incentive plan for the 2008 performance year, and (iv) approving amendments to the employment agreements of Messrs. Colson, Haddox, Trawick, Wilson and Jensen to comply with the requirements of Section 409A of the Internal Revenue Code.

How Our Compensation Programs Work

The Compensation Committee believes that a significant portion of the pay of our NEOs should be directly linked to performance, thus our compensation programs are designed to reward strong performance by both Quanta and the individual NEOs. The Compensation Committee believes that the two financial performance goals critical in measuring our success and stockholder value creation are operating income and return on equity (ROE) (as both terms are defined in the annual incentive plan and supplemental incentive plan, respectively). Operating income is the primary driver of net income, which is a key element impacting our stock price. In comparison to net income, however, operating income is a more direct measure of the effectiveness of our business operations. ROE measures our effectiveness in generating financial return relative to our stockholders' equity. The Compensation Committee ties a substantial portion of the compensation provided to our NEOs to their contributions in achieving success with respect to these two financial performance goals. When determining the operating income and ROE financial performance goals, the Compensation Committee uses a multiplier to incorporate a "stretch" factor (as further discussed below) that it believes will challenge our NEOs to excel in the performance of their duties.

Table of Contents

In addition to rewarding our NEOs for the achievement of financial performance goals, the Compensation Committee rewards them for their achievement of certain individual strategic goals that it believes are critical to stockholder value creation. These goals are established for each NEO with the approval of the Compensation Committee (except in the case of Mr. Jensen, for whom such goals are approved by our Chief Financial Officer). The 2008 strategic goals for each of our NEOs are identified below.

Although the Compensation Committee makes many decisions in the first quarter of the fiscal year, the Compensation Committee remains engaged throughout the year in evaluating our performance and that of our NEOs and making adjustments to eligible plan participants, financial performance goals and individual strategic goals as it deems appropriate. The Compensation Committee measures the effectiveness of our compensation programs based on the programs' success in creating incentives for our NEOs to meet and exceed the financial performance and strategic goals established by the Compensation Committee.

As discussed above, the Compensation Committee seeks to maintain the competitiveness of our executive compensation levels with those of our peers and competitors and, thus, makes changes to the level of our executive officer compensation from time to time, typically on an annual basis. Adjustments to both overall compensation and the individual components of compensation are based on various factors, including (i) the results of compensation benchmarking studies, (ii) published compensation survey data, (iii) economic and market conditions, (iv) the effects of inflation, (v) changes in our business operations, (vi) changes in the compensation practices of our competitors and (vii) the executive officer's individual performance.

Under our supplemental incentive plan (described below), assuming the applicable plan goals are achieved, the Compensation Committee typically rewards our NEOs with restricted stock, which generally vests over three years in equal annual installments. The Compensation Committee believes that such restricted stock awards encourage the alignment of the NEOs' interests with those of our stockholders. Moreover, the vesting period of the restricted stock encourages an ownership culture, executive officer retention and the preservation of stockholder value. All grants of restricted stock to our NEOs in 2008 were made pursuant to the Quanta Services, Inc. 2007 Stock Incentive Plan.

Elements of Executive Compensation

The key components of our current compensation program for our NEOs are (i) base salary, (ii) awards under our annual, supplemental and discretionary incentive plans and (iii) other compensation consisting primarily of matching 401(k) contributions. Each component of our compensation program has a critical role in creating compensation payouts that motivate and reward strong performance and retaining the NEOs who deliver such performance. The Compensation Committee considers each compensation component individually and all compensation components in the aggregate when making decisions regarding amounts that may be awarded under each other compensation component.

Base Salary

Base salary is a critical element of our NEO compensation because it provides NEOs with a base level of monthly income that is consistent with competitive practices. Base salaries for NEOs, including our Chief Executive Officer, are determined annually by the Compensation Committee, taking into account such factors as competitive industry salaries (especially the salary practices of companies in our peer group), a subjective assessment of the nature of the position, contribution, experience, level of responsibility, and length of service of the NEO. While base salaries provide a basic level of economic security for our NEOs, the Compensation Committee uses, among other metrics, the compensation benchmarking study described above and published compensation survey data to establish our performance-based compensation such that a significant portion (generally greater than 50%) of an NEO's total target compensation is pursuant to the incentive compensation plans described below.

Table of Contents

Annual Incentive Plan

Our annual incentive plan is designed to provide our NEOs with performance awards payable annually in cash in recognition of Quanta achieving a specified financial performance goal that is approved by the Compensation Committee (as discussed below). An important factor in our decision to pay such performance awards in cash rather than in equity is to keep our compensation program competitive with those of our direct competitors, who are predominantly private companies generally paying all compensation in cash.

In recent years, including the 2008 performance year, each NEO's award pursuant to the plan was determined based on the achievement by Quanta of a certain operating income goal, which the Compensation Committee believes encourages our NEOs to increase stockholder value by focusing on growth in revenue and earnings. Taking into account competitive market data, the Compensation Committee establishes the operating income financial performance goal by applying a multiplier (which in 2008 was 110%) to the operating income amount budgeted for the year as approved by the Board so that our NEOs will be challenged to excel in the performance of their duties. For purposes of the annual incentive plan, operating income is defined as operating income, excluding goodwill amortization, less interest expense, net of interest income. For the 2008 performance year, the Compensation Committee established the operating income financial performance goal at \$300,664,000, which represented an approximately 78% increase as compared to the same goal for the 2007 performance year.

The payout for each NEO under the annual incentive plan is dependent on the percent of such NEO's salary that is determined to be subject to the plan (the AIP Target Incentive). The Compensation Committee, after taking into account, among other things, the results of the 2008 E&Y Compensation Benchmarking Study and published compensation survey data as well as the individual NEO's position, experience, level of responsibility and length of service, established the following AIP Target Incentives for the 2008 performance year for Messrs. Colson and Jensen as 100% of their respective base salaries and for Messrs. Haddox, Trawick and Wilson as 90% of their respective base salaries. To receive the minimum threshold payout under the plan, established at 25% of the AIP Target Incentive, Quanta would have to achieve 75% of the operating income goal for the 2008 performance year. Achievement by Quanta of 100% and 200% or greater of the operating income goal would result in a target and maximum payout of 100% and 200%, respectively, of the AIP Target Incentive. The plan also provides for a range of payouts for the achievement by Quanta of the operating income goal at other percentages between 75% and 200%. Quanta met or exceeded its financial performance goal under the annual incentive plan for four of the past five performance years. For the 2008 performance year, Quanta achieved operating income of \$344,548,000, which represented approximately 115% of its operating income goal under our annual incentive plan.

Supplemental Incentive Plan

Our supplemental incentive plan provides additional awards to our NEOs based upon Quanta's performance against a specified financial performance goal and the NEOs' individual performance against specified strategic goals. In recent years, including the 2008 performance year, there have been two components to the supplemental incentive plan. The first component, which accounts for 50% of the total supplemental incentive plan payout opportunity, has been based on Quanta's achievement of a ROE financial performance goal (the ROE Component), while the second component, which accounts for the remaining 50% of the payout opportunity and is discretionary, has been based on a NEO's achievement of certain approved individual strategic goals (the Strategic Goal Component). The Compensation Committee believes that the discretionary payout opportunity of the Strategic Goal Component assists the Compensation Committee in linking executive pay with individual performance and rewarding strong individual performance apart from considerations of whether Quanta has met its financial performance goals for a stated fiscal year.

The payouts under both components of the supplemental incentive plan are dependent on a fixed dollar amount that the Compensation Committee determines to be subject to the plan (the SIP Target Incentive). The

Table of Contents

Compensation Committee considered, among other things, the results of the 2008 E&Y Compensation Benchmarking Study and published compensation survey data in establishing the SIP Target Incentive for the 2008 performance year. Specifically, for the 2008 performance year, the Compensation Committee established the SIP Target Incentive for each of our NEOs as follows: Mr. Colson, \$1,600,000; Mr. Haddox, \$500,000; Mr. Trawick, \$450,000; Mr. Wilson, \$450,000; and Mr. Jensen, \$200,000.

A portion of the SIP Target Incentive is allocated to each component of the plan based on the percentage of the total plan payout that is attributable to such component. Accordingly, as it was for the prior performance years, 50% of the SIP Target Incentive was subject to the ROE Component and 50% was subject to the Strategic Goal Component for the 2008 performance year.

For purposes of the ROE Component, the ROE financial performance goal is broadly defined as the quotient of the budgeted amount of net income, as approved by our Board and as adjusted by a multiplier, over stockholder's equity, as adjusted for certain items. The multiplier (which in 2008 was 110% and was applied to the budgeted amount approved by the Board) is used to challenge our NEOs in the performance of their duties. For the 2008 performance year, the Compensation Committee established the ROE financial performance goal at 13.9%, which represented an approximately 35% decrease as compared to the same goal for the 2007 performance year. This decrease is mainly attributable to the substantial increase in stockholder's equity underlying the calculation of the ROE goal for the 2008 performance year, primarily due to the issuance of common stock in connection with our acquisition of InfraSource Services, Inc. (InfraSource) and the conversion of over 99% of \$270 million aggregate principal amount of our 4.5% convertible subordinated debentures due 2023 (4.5% Notes) into shares of common stock. To receive the minimum threshold payout, established at 25% of the SIP Target Incentive allocated to the ROE Component, Quanta would have to achieve 75% of the ROE goal for the 2008 performance year. Achievement by Quanta of 100% and 200% or greater of the ROE goal would result in a target and maximum payout of 100% and 200%, respectively, of the SIP Target Incentive allocated to the ROE Component. The plan also provides for a range of payouts for the achievement by Quanta of the ROE goal at other percentages between 75% and 200%. Quanta met or exceeded its financial performance goal under the supplemental incentive plan for three of the past five performance years. For the 2008 performance year, Quanta achieved ROE of 15.7%, which represented approximately 113% of its ROE goal under our supplemental incentive plan.

The Strategic Goal Component of the supplemental incentive plan is based on achieving certain individual strategic goals that are approved annually by the Compensation Committee for each NEO (except in the case of Mr. Jensen, for whom such goals are approved by our Chief Financial Officer). The strategic goals generally relate to both quantitative and qualitative measures of performance that the Compensation Committee believes create stockholder value. A general description of the strategic goals for 2008 utilized by the Compensation Committee to evaluate the individual performances of our NEOs is set forth under "*Executive Compensation Decisions for the 2008 Performance Year*." In determining payouts under this portion of our supplemental incentive plan, the Compensation Committee also considers each NEO's demonstration of ethical behavior and compliance with our Code of Ethics and Business Conduct.

Awards under the supplemental incentive plan can be paid in cash, restricted stock or a combination thereof at the Compensation Committee's discretion. In recent years, including the 2008 performance year, all awards have been paid in restricted stock, which vests over three years in equal annual installments, to provide a concrete link between our NEOs' compensation and the creation of stockholder value and to encourage executive officer retention. In order to adjust the restricted stock awards to their cash equivalent, the Compensation Committee applies a multiplier to the dollar value of each restricted stock award paid under the supplemental incentive plan. This multiplier ensures that the value of the restricted stock awards incorporate the risk and liquidity premiums that a cash award has relative to a restricted stock award of the same dollar value. For the 2008 performance year, the Compensation Committee established the multiplier at 110%.

Table of Contents

Discretionary Incentive Plan

Awards under the discretionary incentive plan are made at the discretion of our Chief Executive Officer, with the approval of the Compensation Committee, and are payable in cash, restricted stock or a combination thereof. These rewards provide the Chief Executive Officer with the flexibility to, among other things, reward exceptional performance. For the 2008 performance year, the Compensation Committee approved an award under the discretionary incentive plan to Mr. Colson as discussed below.

Other Compensation

We have provided our Chief Executive Officer and certain of our other NEOs with certain perquisites, including an annual executive physical program, an executive financial counseling program and, with respect to our Chief Executive Officer, personal use of our partially-owned company aircraft. We have provided such perquisites as a means of providing additional compensation to the Chief Executive Officer and the other NEOs, through benefits that are convenient for the executives to use when faced with the demands of their positions. Under our corporate aircraft usage policy, any personal use of our partially-owned company aircraft must be preapproved by our Chief Executive Officer and any personal use by our Chief Executive Officer or any other NEO, as approved by our Chief Executive Officer, must be reported to the Compensation Committee on a quarterly basis. The Compensation Committee reviews our policies with respect to perquisites on a regular basis to consider whether the perquisites should be maintained and whether, and to what extent, it may be appropriate to discontinue particular perquisites.

In addition to their base salaries and awards under the incentive plans described above, our NEOs receive matching contributions from Quanta to their 401(k) accounts, consistent with all other employees participating in Quanta's 401(k) plan. Quanta matches 100% of an NEO's pre-tax contributions up to the first 3% of such NEO's base salary. Thereafter, Quanta matches 50% of an NEO's pretax contributions up to the next 3% of such NEO's base salary. All matching contributions are subject to certain limits as determined by law.

Exercise of Discretion in Executive Compensation Decisions

The Compensation Committee has complete discretion to withhold payment pursuant to any of our incentive compensation plans irrespective of whether we or our NEOs have successfully met the goals set under these plans.

Grants of Equity Awards Practices

The Compensation Committee meets in the first quarter of each fiscal year to, among other things, grant equity awards. This meeting occurs after our earnings release for the fourth quarter of the prior fiscal year to allow the Compensation Committee to have complete financial results for the prior fiscal year at the time that it evaluates our performance and that of our NEOs. The Compensation Committee may, in its discretion, also grant restricted stock awards throughout the year in connection with the hiring of a new executive officer or the promotion of an employee to an executive officer position. Our practice with respect to restricted stock awards is to use the closing market price on the date of grant to determine the value of the award. It is not the intention of the Compensation Committee to time the granting of awards under our incentive plans, including those made to newly hired or newly promoted executive officers, with the release of any material, non-public information.

Executive Compensation Decisions for the 2008 Performance Year

In March 2009, the Compensation Committee evaluated the compensation of our NEOs relative to, among other things, Quanta's 2008 financial performance. The Compensation Committee also reviewed the individual performance of each of our NEOs relative to the strategic goals that the Compensation Committee approved for them in March 2008 (except in the case of Mr. Jensen, for whom such goals and performance were reviewed by our Chief Financial Officer).

Compensation of Chief Executive Officer

Based on the results of the 2008 E&Y Compensation Benchmarking Study, published compensation survey data, his position, performance, contribution and length of service, and recent inflation data, the Compensation Committee approved an increase in Mr. Colson's annual base salary to \$832,000. In addition, the Compensation Committee awarded Mr. Colson a cash incentive of \$916,800 under the annual incentive plan and \$1,705,600 worth of restricted stock under the supplemental incentive plan based on Quanta's achievement of its 2008 financial performance goals and of Mr. Colson's achievement of the following individual strategic goals: (i) successfully integrating InfraSource into Quanta's operations and culture, reducing the cost structure of InfraSource by a specified dollar value and achieving a specified dollar amount of revenue synergies in connection with this acquisition, (ii) continuing to execute on Quanta's long-term strategic plan as evidenced by the achievement of specified consolidated operating income and revenue goals, (iii) attaining a specified consolidated operating income margin goal, (iv) securing a specified dollar amount of renewable energy projects and (v) continuing to implement and monitor Quanta's executive development plan. Additionally, based upon Mr. Colson's extraordinary contributions to Quanta's successful 2008 financial performance as well as his key role in the successful integration of InfraSource into Quanta, the Compensation Committee also approved the award of \$150,000 worth of restricted stock under the discretionary incentive plan.

Compensation of Other Named Executive Officers

Based on the results of the 2008 E&Y Compensation Benchmarking Study, published compensation survey data, the respective positions, performance, contributions and length of service of our NEOs, and recent inflation data, the Compensation Committee approved an increase in base salary for each of our other NEOs. The new base salaries are as follows: Mr. Haddox, \$499,200; Mr. Trawick, \$457,600; Mr. Wilson, \$499,200; and Mr. Jensen, \$264,060. After an evaluation of Quanta's achievement of the operating income financial performance goal during the 2008 performance year, the Compensation Committee awarded the following cash incentives under the annual incentive plan: Mr. Haddox — \$495,072; Mr. Trawick — \$453,816; Mr. Wilson — \$495,072; and Mr. Jensen — \$290,974.

The Compensation Committee also awarded the following amounts of restricted stock under the supplemental incentive plan for Quanta's achievement of the ROE financial performance goal and the achievement by each of the following NEOs of their individual strategic goals (as specified): Mr. Haddox — \$533,000 (strategic goals achieved: successfully integrating InfraSource into Quanta's operations and culture and reducing the cost structure of InfraSource by a specified dollar value, continuing to execute on Quanta's long-term strategic plan as evidenced by the achievement of specified consolidated operating income and revenue goals, developing and executing a financial strategy to effectively address Quanta's 4.5% Notes, and successfully completing a pilot project to install certain financial software at a Quanta operating unit); Mr. Trawick — \$444,700 (strategic goals achieved: attaining specified financial goals, achieving specified safety improvement goals for Quanta's Telecommunications and Cable TV Division, and successfully consolidating certain of the operating units in Quanta's Telecommunications and Cable TV Division and achieving a specified dollar amount of cost synergies in connection with this consolidation); Mr. Wilson — \$469,700 (strategic goals achieved: successfully integrating InfraSource into Quanta's operations and culture and achieving a specified dollar amount of revenue synergies in connection with this acquisition, successfully consolidating certain of the operating units in Quanta's Electric Power and Gas Division and achieving a specified dollar amount of revenue synergies in connection with this consolidation, securing a specified dollar amount of renewable energy projects, and attaining specified financial goals); and Mr. Jensen — \$213,200 (strategic goals achieved: successfully complying with Section 404 of the Sarbanes Oxley Act of 2002, successfully streamlining Quanta's financial reporting processes and integrating Quanta's financial and strategic reporting systems, and expanding the utilization of Quanta's financial software).

Stock Ownership Guidelines

We expect all of our directors and executive officers to display confidence in us by ownership, after five years of service, of a significant amount of our stock. Our Governance and Nominating Committee has established minimum stock ownership guidelines, for which the amounts are calculated as follows:

- for directors, the director's annual cash retainer (excluding the annual cash retainer paid to the chairman of each committee of the Board) is multiplied by four (4) times; and
- for our executive officers, including our NEOs, the executive officer's base salary is multiplied by the appropriate multiple:
 - Chief Executive Officer — 5x
 - Chief Financial Officer — 4x
 - Chief Operating Officer — 4x
 - Operating Division President — 3x
 - Other Executive Officer — 1x.

The amount of each of the above is then divided by the average closing price of our Common Stock during the immediately preceding 12 months as reported by the NYSE to calculate the number of shares required to be held by each director or executive officer. Under the stock ownership guidelines, the amount of unvested restricted stock held by a director or executive officer is included in the calculation of the amount of such director's or executive officer's ownership. The number of shares required to be held by any individual will only change, with respect to directors, annually as of our annual Board meeting and, with respect to an executive officer, if the individual is promoted to a higher position.

As of December 31, 2008, all of our directors and NEOs were in compliance with our stock ownership guidelines.

2008 Changes to Compensation Plans

During 2008, the Compensation Committee conducted a review of the current structure of our incentive plans to determine if any changes were advisable. Following this review, the Compensation Committee determined that the current structure of our incentive plans was generally consistent with the Compensation Committee's guiding principles and, thus, decided to maintain the current structure of our incentive plans for the 2009 performance year.

Employment Agreements

We have entered into an employment agreement with each of our NEOs. Under the terms of our employment agreements, the Chief Executive Officer and the other NEOs are entitled to payments and benefits upon the occurrence of specified events including termination of employment and upon a change in control of Quanta. The specific terms of these arrangements, as well as an estimate of the compensation that would have been payable had they been triggered as of fiscal year-end, are described below in the section entitled "*Potential Payouts Upon Termination or Change in Control.*" In the case of each employment agreement, the terms of these arrangements were set through the course of arms-length negotiations with each of the NEOs. The termination of employment provisions of the employment agreements provide those individuals with a fixed amount of compensation upon termination as an inducement to offset the potential risk of leaving their prior employer or

[Table of Contents](#)

foregoing other opportunities in order to join or maintain employment with us, as applicable. At the time of entering into these agreements, the Compensation Committee considered our aggregate potential obligations in the context of the desirability of hiring or maintaining the employment of the individual, as applicable, and the expected compensation upon joining or maintaining employment with us, as applicable.

Under our employment agreements with our NEOs, if benefits to which the applicable NEOs become entitled are subject to excise taxes under Section 4999 of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), then the NEOs generally will be entitled to an additional payment in an amount equal to the excise tax imposed plus any federal, state and local income taxes and additional excise taxes attributable to such payment.

Impact of Regulatory Requirements on our Executive Compensation Decisions

The Compensation Committee considers accounting and tax implications of its compensation decisions as one factor among many.

Section 162(m) of the Internal Revenue Code limits a company's ability to deduct compensation paid in excess of \$1 million during any fiscal year to each of certain executive officers unless the compensation is "performance-based" as defined under federal tax laws. To the extent possible, the Compensation Committee structures compensation and awards to preserve the federal income tax deductibility of the compensation payable to our NEOs. The Compensation Committee may choose, however, to provide compensation that may not be deductible if it believes that such payments are appropriate to ensure that our NEOs receive total compensation that is competitive with our peer group or reflects superior performance.

2008 Summary Compensation Table

Shares of restricted stock, the dollar value of which is listed under the column “Stock Awards” below, vest over three years in equal annual installments commencing on the applicable vesting date for the quarter in which the award is made, assuming the NEO continues to meet the requirements for vesting. Dividends are paid on restricted stock as and when dividends are paid on Common Stock.

Based on the base salary of the NEOs earned during 2008, the compensation cost of equity awards recognized for financial statement reporting purposes for the fiscal year ended December 31, 2008 and the dollar value of non-equity incentive plan compensation awarded to the NEOs for the 2008 performance year, “Salary,” “Stock Awards” and “Non-Equity Incentive Plan Compensation” accounted for approximately 28%, 39% and 32%, respectively, of the “Total” compensation of the NEOs.

The following table sets forth the compensation paid or accrued by Quanta in the last three fiscal years to our NEOs:

Assumptions used in the calculation of these amounts are included in footnote 11 to our audited financial statements for the fiscal year ended December 31, 2007 included in our Annual Report on Form 10-K filed with the SEC on February 29, 2008.

- (4) Represents the dollar value of the cash incentives earned under our 2007 Annual Incentive Plan. For further details regarding the 2007 Annual Incentive Plan, see “*Compensation Discussion and Analysis — Elements of Executive Compensation — Annual Incentive Plan*” included in our Definitive Proxy Statement for the 2008 Annual Meeting of Stockholders filed with the SEC on April 18, 2008. These cash incentives were approved by the Compensation Committee at a meeting held on March 4, 2008 and were paid out shortly thereafter.
- (5) Represents the dollar amount recognized for financial statement reporting purposes for the fiscal year ended December 31, 2006 in accordance with SFAS No. 123(R) of restricted stock awards and thus include amounts from awards granted in and prior to 2006. Assumptions used in the calculation of these amounts are included in footnote 8 to our audited financial statements for the fiscal year ended December 31, 2006 included in our Annual Report on Form 10-K filed with the SEC on February 28, 2007.
- (6) Represents the dollar value of the cash incentives earned under our 2006 Annual Incentive Plan. For further details regarding the 2006 Annual Incentive Plan, see “*Compensation Discussion and Analysis — Elements of Executive Compensation — Annual Incentive Plan*” included in our Definitive Proxy Statement for the 2007 Annual Meeting of Stockholders filed with the SEC on April 19, 2007. These cash incentives were approved by the Compensation Committee at a meeting held on March 2, 2007 and were paid out shortly thereafter.
- (7) For 2006 and 2007, the amounts represent our matching contributions to the NEO’s 401(k) account.

For 2008, the amounts include all other compensation as described in the following table:

| | 401(k) Matching Contribution (S) ^(a) | Personal Use of Company Aircraft (S) ^(b) | Financial Planning Reimbursement (S) ^(c) | Total (S) |
|--------------------|---|---|---|-----------------------|
| John R. Colson | 10,350 | 15,060 | 10,717 | 36,127 |

| Derrick A. Jensen | 10,350 | — | — | 10,986 ^(d) |

- (a) Represents our matching contributions to the NEO’s 401(k) account.
- (b) Represents the aggregate incremental cost to us for the NEO’s personal use of our aircraft. This cost is determined using a methodology that takes into account all variable costs associated with personal use of the aircraft, such as landing fees, aircraft fuel expense and maintenance costs. As our aircraft is used primarily for business purposes, fixed costs, which do not change based on the use of the aircraft, are excluded.
- (c) Represents our reimbursement of the NEO’s financial planning expenses under our executive financial counseling program.
- (d) Includes our payment of \$636 for the NEO’s physical exam under our annual executive physical program.

Equity Compensation Plan Information

The Quanta Services, Inc. 2007 Stock Incentive Plan (the 2007 Plan), which was adopted by the Board and approved by our stockholders on May 24, 2007, provides for the award of restricted stock, non-qualified stock options and incentive stock options (ISOs). The purpose of the 2007 Plan is to provide directors, key employees, executive officers and certain advisors with additional incentives by increasing their proprietary interest in Quanta. Prior to the adoption of the 2007 Plan, awards of restricted stock and stock options were issued under the Quanta Services, Inc. 2001 Stock Incentive Plan (as amended and restated, the 2001 Plan), which was terminated effective May 24, 2007, except that outstanding awards granted under the 2001 Plan will continue to be governed by the terms of the 2001 Plan. The aggregate number of shares of our Common Stock with respect to which options or restricted stock may be awarded under the 2007 Plan may not exceed 4,000,000 shares of our Common Stock. We have filed a Registration Statement on Form S-8 with respect to 4,000,000 shares of Common Stock issuable pursuant to the 2007 Plan.

The 2007 Plan is administered by the Compensation Committee of the Board, which, subject to applicable regulations and the terms of the 2007 Plan described below, has the sole authority to grant awards under the 2007 Plan, to construe and interpret the 2007 Plan and to make all other determinations and take any and all actions necessary or advisable for the administration of the 2007 Plan, provided that the Board, or authorized committee of the Board, may delegate to a committee of the Board designated as the Equity Grant Committee, consisting of one or more directors, the authority to grant limited awards as described below to eligible persons who are not executive officers or non-employee directors. Specifically, the Equity Grant Committee has the authority to award stock options and restricted stock, provided (i) the aggregate number of shares of Common Stock subject to stock options and/or restricted stock awarded by the Equity Grant Committee in any calendar quarter does not exceed 100,000 shares (or 20,000 shares in any calendar quarter with respect to any individual) and (ii) the aggregate value of restricted stock awarded by the Equity Grant Committee in any calendar quarter does not exceed \$250,000 (or \$25,000 in any calendar quarter with respect to any individual), determined in each case,

Table of Contents

based on the fair market value of the Common Stock on the date the restricted stock is awarded. In connection with the adoption of the 2007 Plan, the Board approved the designation of the Equity Grant Committee and appointed Mr. Colson as the sole member of the committee. The maximum number of shares of Common Stock subject to awards that may be granted to any individual under the 2007 Plan during any calendar year is 400,000 shares of Common Stock.

All of our employees (including our executive officers and directors who are also employees), non-employee directors and certain consultants and advisors are eligible to receive awards under the 2007 Plan, but only our employees (including executive officers and directors who are also employees) are eligible to receive ISOs. Awards in the form of stock options are exercisable during the period specified in each stock option agreement and generally become exercisable in installments pursuant to a vesting schedule designated by the Compensation Committee or, if applicable, the Equity Grant Committee. No option will remain exercisable later than ten years after the date of award (or five years in the case of ISOs awarded to employees owning more than 10% of our voting capital stock). The exercise price for ISOs awarded under the 2007 Plan may be no less than the fair market value of a share of Common Stock on the date of award (or 110% in the case of ISOs awarded to employees owning more than 10% of our voting capital stock). Awards in the form of restricted stock are subject to forfeiture and other restrictions until they vest. Except in certain limited circumstances and with respect to restricted stock awards awarded by the Compensation Committee covering in the aggregate no more than 200,000 shares of our Common Stock, any restricted stock award that vests on the basis of a grantee's continuous service shall not provide for vesting which is any more rapid than annual pro rata vesting over a three year period, and any restricted stock award that vests upon the attainment of performance goals established by the Compensation Committee shall provide for a performance period of at least twelve months, in each case, as designated by the Compensation Committee or, if applicable, the Equity Grant Committee and as specified in each award agreement.

The following table sets forth information as of December 31, 2008 with respect to the 2007 Plan, which has been approved by our stockholders.

| <u>Plan category</u> | <u>Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights (a)</u> | <u>Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights (b)</u> | <u>Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (a)) (c)</u> |
|--|--|--|--|
| Equity compensation plans approved by security holders | 805,650 ⁽¹⁾ | \$ 13.70 | 3,176,946 ⁽²⁾ |
| Equity compensation plans not approved by security holders | — | — | — |
| Total | 805,650 | \$ 13.70 | 3,176,946 |

(1) Includes 678,852 options with a weighted-average exercise price of \$11.84 that were assumed in connection with Quanta's acquisition of InfraSource on August 30, 2007.

(2) Represents the shares of Common Stock issuable as of December 31, 2008 under the 2007 Plan, which provides that the aggregate amount of Common Stock with respect to which stock options or restricted stock may be awarded may not exceed 4,000,000 shares of our Common Stock.

Potential Payments Upon Termination or Change in Control

Employment and Separation Agreements

Each NEO was party to an employment agreement (as amended, an Employment Agreement) during the 2008 fiscal year. Under the Employment Agreements, the applicable NEOs are eligible to receive base salary, as well as bonuses and benefits, and, at the Compensation Committee's discretion, may be entitled to participate in any other compensation, perquisite, incentive or retirement plans, policies and arrangements that are provided generally to our other executive officers. Subject to prior notice, the Employment Agreements renew automatically each year for an additional one-year term. The Employment Agreements contain customary non-competition covenants restricting the ability of the NEOs to compete with Quanta during the term of their employment and for a period of one year thereafter and prohibiting them from disclosing confidential information and trade secrets.

The Employment Agreements generally terminate upon a NEO's (i) death, (ii) disability, (iii) termination for "good cause" or "good reason" (as both are defined in the Employment Agreements and generally described below), (iv) termination without good cause or good reason or (v) termination resulting from a "Change in Control" of Quanta (as defined in each Employment Agreement and generally described below). If termination results from any of the foregoing, each applicable NEO would be entitled to all compensation earned and all benefits and reimbursements due through the date of termination, and any gross-up payments for related excise taxes. Additionally, if termination results from any of the reasons set forth below, each applicable NEO would be entitled to the following severance payments:

| <u>Reason for Termination</u> | <u>Potential Payment(s)</u> |
|---------------------------------------|---|
| Death | None |
| Good Cause by Quanta | None |
| Without Good Cause/Good Reason by NEO | None |
| Disability | Lump-sum payment of base salary at the rate then in effect for the period remaining under the Employment Agreement or for one year, whichever is greater. |
| Without Good Cause by Quanta | Lump-sum payment of base salary at the rate then in effect for the period remaining under the Employment Agreement or for one year, whichever is greater (with respect to terminations of Messrs. Colson, Haddox and Wilson, payments are subject to such NEO's execution of a waiver and release agreement). |

As mentioned above, each Employment Agreement may terminate upon a Change in Control of Quanta. Under the Employment Agreements of Messrs. Colson, Haddox and Wilson, a Change in Control generally occurs when (i) any person or entity acquires directly or indirectly the beneficial ownership of 50% or more of the total voting power of Quanta's then outstanding voting securities, (ii) the majority of the Board as of the date of the NEO's Employment Agreement are replaced other than in specific situations or (iii) the stockholders approve a plan of complete liquidation or a sale or disposition of all or a substantial portion of Quanta's assets. A Change in Control generally occurs under the Employment Agreements of Messrs. Trawick and Jensen when (i) any person or entity acquires directly or indirectly the beneficial ownership of 50% or more of the total voting power of Quanta's then outstanding voting securities, (ii) the majority of the Board as of the date of Quanta's initial public offering are replaced other than in specific situations, (iii) the stockholders approve a merger, consolidation or reorganization of Quanta unless 50% (75% with respect to Mr. Jensen) of the total voting securities outstanding of the surviving entity are beneficially owned by at least 50% (75% with respect to Mr. Jensen) of the holders of outstanding voting securities of Quanta immediately prior to the transaction or

(iv) the stockholders approve a plan of complete liquidation or a sale or disposition of all or a substantial portion of Quanta's assets.

Payments and benefits in connection with a Change in Control under the Employment Agreements are dependent on whether Quanta's successor assumes Quanta's obligations under such agreements. With respect to Messrs. Colson, Haddox, Trawick and Wilson, if there is no assumption of the Employment Agreement, or if there is an assumption and within 12 months of such assumption the NEO terminates his respective Employment Agreement for good reason or is terminated other than for good cause, such NEO (i) will be entitled to a lump-sum payment equal to three times the sum of (x) his annual base salary and (y) the higher of (1) the highest annual bonus paid to him under the annual incentive plan in effect on the date of the Employment Agreement for the past three fiscal years and (2) his annual bonus paid or payable under the annual incentive plan in effect on the date of the Employment Agreement for the most recently completed or current fiscal year, (ii) will be entitled to continued benefits for him and his dependents under welfare benefit plans for three years after termination and (iii) will not be subject to the non-competition covenants of the Employment Agreement. Mr. Haddox will also receive the above payment and benefits if during any Change in Control situation, Mr. Haddox elects to terminate his employment at least 5 days prior to the closing of the anticipated transaction giving rise to the Change in Control. With respect to Mr. Jensen, if there is no assumption of his Employment Agreement, or if there is an assumption and within 12 months of such assumption he is offered a "Lesser Position" (as defined in Mr. Jensen's Employment Agreement) or is terminated other than for good cause, he (i) will be entitled to a lump-sum payment equal to three times the greater of his base salary at the rate then in effect for the period remaining under his Employment Agreement or for one year and (ii) will not be subject to the non-competition covenants of his Employment Agreement.

The Employment Agreements generally define good cause as a NEO's (i) willful, material and irreparable breach of the Employment Agreement, (ii) continuing gross negligence in the performance or intentional nonperformance of his duties after notice of the same is given, (iii) willful dishonesty, fraud or material misconduct with respect to Quanta's business, (iv) conviction of a felony or crime or (v) chronic alcohol or illegal drug abuse. Good reason exists under the Employment Agreements if within twelve months of a Change in Control, such NEO is offered a "Lesser Position" (as defined in each Employment Agreement) or is required to relocate to another geographic location.

On November 6, 2008, we entered into amendments to each of the Employment Agreements to ensure that the timing of any potential severance payments will satisfy the requirements of Section 409A of the Internal Revenue Code of 1986, as amended.

Stock Incentive Plans

Under both the 2001 Plan and 2007 Plan (collectively, the Plans), generally upon a "Change in Control" (as defined in both Plans), (i) options become immediately exercisable and are released from any repurchase or forfeiture rights and (ii) restricted stock vests and becomes free of any forfeiture restrictions. A "Change in Control" is generally defined as the occurrence of any of the following events: (i) any person becomes the beneficial owner, directly or indirectly, of securities representing 50% or more of the voting power of Quanta's then outstanding securities, (ii) as a result of, or in connection with, any tender or exchange offer, merger or other business combination, a majority of the Board as of the date immediately preceding such transaction is replaced, (iii) Quanta is merged with another corporation, and as a result, less than 75% of the outstanding securities of the surviving corporation is owned of the aggregate by Quanta's former stockholders, (iv) a tender or exchange offer is consummated for 50% or more of the voting power of Quanta's then outstanding securities or (v) Quanta transfers substantially all of its assets to a corporation that is not controlled by Quanta.

Options awarded under either of the Plans may be exercised following a participant's termination only to the extent provided in the option agreement. Generally, subject to the provisions of a particular restricted stock

Table of Contents

agreement, restricted stock awards are forfeited by a participant upon termination of such participant's employment during the restriction period.

Estimated Potential Payments

The tables below reflect the estimated amount of payments that would be paid to each NEO in the event of such NEO's termination. The amounts shown assume that such termination was effective as of December 31, 2008, and thus include amounts earned through such time. The actual amounts to be paid out can only be determined at the time of such NEO's separation from Quanta.

(1) The welfare benefits include an approximation of the cost of continued payment of insurance premiums for up to three years after termination. The insurance premium cost is based on the actual cost of premiums for 2009 and the estimated costs of premiums for 2010 and 2011.

(2) The equity benefit represents the value of the unvested restricted stock held by the NEO as of December 31, 2008 that would accelerate upon a change in control pursuant to the Plans.

- (1) The welfare benefits include an approximation of the cost of continued payment of insurance premiums for up to three years after termination. The insurance premium cost is based on the actual cost of premiums for 2009 and the estimated costs of premiums for 2010 and 2011.
- (2) The equity benefit represents the value of the unvested restricted stock held by the NEO as of December 31, 2008 that would accelerate upon a change in control pursuant to the Plans.

CERTAIN TRANSACTIONS

In March 2009, Trawick Construction Company, Inc., a subsidiary of Quanta, purchased a facility consisting of an approximately 16,000 square foot office building/warehouse and an approximately 14,000 square foot service shop, which was previously leased by Quanta, at a purchase price of \$1,000,000 from Trawick Holdings, LLC, of which Mr. Trawick holds a 10% ownership interest. We believe that the purchase price of this facility does not exceed fair market value.

During 2008, Gary A. Tucci, a former director of Quanta whose term expired at the 2008 annual meeting of stockholders, received from Quanta a base salary of \$286,980, an automobile allowance of \$13,950 and 401(k) matching contributions of \$10,350 for his service as Chief Executive Officer of Potelco, a Quanta subsidiary. In March 2009, the Compensation Committee awarded Mr. Tucci a cash incentive of \$31,250 under Quanta's 2008 Supplemental Incentive Plan. Additionally, as part of the annual incentive awards distributed by Quanta to Potelco employees, Mr. Tucci received \$100,000 worth of restricted stock. Mr. Tucci did not receive any compensation for his service as a director of Quanta.

Potelco leases its main office from the father of Gary A. Tucci and leases another office from Gary A. Tucci. Currently, Potelco's lease with the father of Gary A. Tucci has a one-year term that is renewable upon the mutual agreement of both parties and Potelco's lease with Gary A. Tucci is on a month-to-month basis. The main office lease is for an approximately 15,000 square foot building with an approximately 8,000 square foot warehouse on approximately 5 acres, at a rental rate of \$10,000 per month. The other lease is for an approximately 1,400 square foot office with an approximately 2,400 square foot maintenance facility on approximately 2 acres, at a rental rate of \$3,500 per month. We believe that the rental rates of these leases do not exceed fair market value.

In February 2000, we submitted a written notice to Gary A. Tucci seeking indemnification from him for certain accounts receivable losses sustained by us in connection with our acquisition of Potelco. The total amount outstanding as a result of this indemnification claim is \$144,104.

Review of Related Party Transactions

We have adopted a written policy and procedures for the review, approval and ratification of transactions with related persons. Under our policy, related persons include, among others, our executive officers and other senior level employees, directors, principal stockholders, immediate family members of such persons and any other person that could significantly influence our policies. The transactions covered under our policy generally include any business transaction between Quanta and a related person, including, among others, the sale of inventory or supplies to or purchase of inventory or supplies from a related person, and the supply of services to or receipt of services from a related person. Related party transactions involving any of our directors, director nominees, executive officers, beneficial owners of greater than five percent of our Common Stock or Limited Vote Common Stock and any immediate family members of the foregoing require the pre-approval of the Audit Committee. In considering the approval of any related party transaction, a legitimate business case must be presented that includes the reasons that the transaction is beneficial to Quanta and does not pose an actual conflict of interest.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than 10% of a registered class of our equity securities to file various reports with the SEC concerning their holdings of, and transactions in, our securities. Copies of these filings must be furnished to us.

Based only on our review of the copies of those forms furnished to us and written certifications from our directors and executive officers, we believe that, during 2008, all of our directors and executive officers were in compliance with the applicable filing requirements, except that Messrs. Colson, Haddox and Trawick each

inadvertently omitted certain information regarding one transaction required to be reported on a Form 4, Statement of Changes in Beneficial Ownership, and each officer subsequently filed such information late on a Form 4.

COMPENSATION COMMITTEE REPORT

We have reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussions with management, we have recommended to Quanta's Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

This report is furnished by the Compensation Committee of the Board of Directors.

REPORT FROM THE AUDIT COMMITTEE

The Audit Committee is composed of four independent directors and operates under a formal written charter adopted by the Board of Directors.

As members of the Audit Committee, our primary purpose is to assist the Board of Directors' oversight of (1) the integrity of Quanta's financial statements, (2) the independent registered public accounting firm's qualifications and independence, (3) the performance of Quanta's internal audit function and independent auditors, and (4) Quanta's compliance with applicable legal and regulatory requirements. The Audit Committee is solely responsible for the appointment and compensation of Quanta's independent registered public accounting firm. Management is responsible for Quanta's financial reporting processes, including its system of internal controls, and for the preparation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States. Quanta's independent registered public accounting firm is responsible for expressing an opinion as to whether the consolidated financial statements are free of material misstatements based on their audit. Our responsibility is to monitor and review these processes. In carrying out our role, we rely on Quanta's management and independent registered public accounting firm.

We have reviewed and discussed Quanta's audited consolidated financial statements with management. Management has confirmed to us that the financial statements have been prepared in conformity with accounting principles generally accepted in the United States.

In addition, we have discussed with PricewaterhouseCoopers LLP, Quanta's independent registered public accounting firm, the matters required to be discussed by SAS No. 61 (Communication with Audit Committees), including the quality of the accounting principles as applied to financial reporting.

We have received written disclosures and the letter from PricewaterhouseCoopers LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with us concerning independence, and we have discussed with PricewaterhouseCoopers LLP its independence from Quanta.

Based on our review and discussions referred to above, we recommended to Quanta's Board of Directors that Quanta's audited consolidated financial statements be included in Quanta's Annual Report on Form 10-K as of and for the fiscal year ended December 31, 2008, for filing with the Securities and Exchange Commission.

AUDIT FEES

The Audit Committee of the Board has adopted a policy requiring pre-approval by the Audit Committee of all audit and permissible non-audit services to be provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. On an annual basis, the Audit Committee reviews and, as it deems appropriate, pre-approves the particular services to be provided by our independent registered public accounting firm and establishes specific budgets for each service. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee must be informed promptly of the provision by our independent registered public accounting firm of each service that is pre-approved by the Audit Committee. In addition, the Audit Committee may periodically revise the list of pre-approved services and related fee levels, based on subsequent determinations. Any services expected to exceed pre-approved fee levels require the specific pre-approval of the Audit Committee. The Audit Committee may delegate pre-approval authority to one or more of its members.

The following table details the aggregate fees billed by PricewaterhouseCoopers LLP, our independent registered public accounting firm, for fiscal years 2007 and 2008:

| | 2007 | 2008 |
|-----------------------------------|---------------------|---------------------|
| Audit Fees ⁽¹⁾ | \$ 1,999,120 | \$ 1,753,250 |
| Audit-Related Fees ⁽²⁾ | 24,495 | 115,000 |
| Tax Fees ⁽³⁾ | 50,527 | — |
| All Other Fees ⁽⁴⁾ | 219,126 | 2,573 |
| Total | \$ 2,293,268 | \$ 1,870,823 |

- (1) Represents fees for professional services rendered for the audit of our annual consolidated financial statements and review of consolidated financial statements included in our Forms 10-Q, work relating to the evaluation of the effectiveness of Quanta's internal control over financial reporting, state licensing pre-qualification filings and the statutory audit of one of our subsidiaries for each of fiscal years 2007 and 2008. For fiscal year 2007, the amount also includes fees for professional services rendered for audit work related to InfraSource, which was acquired by Quanta on August 30, 2007.
- (2) Represents fees for professional services rendered for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and for fiscal year 2008, includes fees for consultations as to the accounting treatment of specific transactions based on current and proposed accounting standards.
- (3) Represents fees for professional services rendered for the review of Quanta's analysis and disclosure relative to the January 1, 2007 adoption of Financial Accounting Standards Board Interpretation No. 48, "Accounting for Uncertainty in Income Taxes — an Interpretation of FASB Statement No. 109."
- (4) For fiscal year 2007, represents fees for professional services rendered for work related to Form S-4 filings and SEC response letters in connection with the InfraSource acquisition. For fiscal year 2008, represents fees for an accounting research software tool.

The Audit Committee has reviewed the services performed by PricewaterhouseCoopers LLP and the related fees and has considered whether the provision of non-audit services by PricewaterhouseCoopers LLP is compatible with maintaining the independence of PricewaterhouseCoopers LLP.

PROPOSAL NO. 2:

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009. PricewaterhouseCoopers LLP has served as our independent public accounting firm since June 2002. We are asking our stockholders to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, the Audit Committee is submitting the appointment of PricewaterhouseCoopers LLP to our stockholders for ratification as a matter of good corporate practice. In the event the stockholders do not ratify the appointment, the Audit Committee will reconsider the appointment. Even if the appointment is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Quanta and its stockholders.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual meeting with the opportunity to make a statement, if they choose, and to respond to appropriate questions.

**The Board of Directors recommends a vote FOR ratification of the appointment of
PricewaterhouseCoopers LLP as
our independent registered public accounting firm.**

ADDITIONAL INFORMATION

Stockholder Proposals and Nominations of Directors for the 2010 Annual Meeting

Stockholders who desire to submit a proposal for inclusion in the proxy materials for our 2010 annual meeting of stockholders or recommend persons who they believe should be nominated for election to our Board may do so by complying with the procedures described in our bylaws and in Rule 14a-8 of the Exchange Act. To be eligible for inclusion, stockholder proposals must be received by Quanta's Corporate Secretary at our principal executive offices no later than December 18, 2009. Stockholder proposals should be addressed to Corporate Secretary, Quanta Services, Inc., 1360 Post Oak Blvd., Suite 2100, Houston, Texas 77056.

Under our bylaws, with respect to any stockholder proposal or director nomination that is not submitted for inclusion in next year's proxy statement but instead is proposed to be presented directly at our 2010 annual meeting, a stockholder's notice must be received by our Corporate Secretary at the address of our principal executive offices set forth above not earlier than January 21, 2010 and not later than February 20, 2010 (unless the 2010 annual meeting date is before April 21 or after July 30, in which case we must receive such notice not earlier than 120 days before such annual meeting date and not later than the later of 90 days before such annual meeting date and 10 days after we first publicly announce the date of such annual meeting). However, if the number of directors to be elected at the 2010 annual meeting of stockholders is increased and we do not publicly announce the nominee(s) for the new directorship(s) by February 10, 2010, a stockholder's notice solely with respect to nominee(s) for the additional directorship(s) must be received by our Corporate Secretary not later than 10 days after we first publicly announce the increase in the number of directors. Any such stockholder proposal and director nomination must comply in all respects with the specific requirements included in our bylaws. Quanta's bylaws are available on Quanta's website at www.quantaservices.com under the heading "Corporate Governance." If a stockholder's notice regarding a stockholder proposal or director nomination is received after the applicable deadline, our proxy materials for the 2010 annual meeting of stockholders may confer discretionary authority to vote on such matter without any discussion of the matter in the proxy statement for our 2010 annual meeting of stockholders.

Proxy Solicitation Costs

The proxies being solicited hereby are being solicited by Quanta. The cost of soliciting proxies in the enclosed form, which may include the cost of preparing, printing and mailing the proxy materials, will be borne by Quanta. Our officers, directors and other employees may, but without compensation other than their regular compensation, solicit proxies by further mailing or personal conversations, or by telephone, telex, facsimile, postings on our website or other electronic means. We will also request banks, brokers and other custodians, nominees and fiduciaries to forward proxy materials to the beneficial owners of our Common Stock and obtain their voting instructions. We will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to the beneficial owners of our Common Stock.

Other Matters

As of the date of this Proxy Statement, the Board does not know of any other matter that will be brought before the annual meeting. However, if any other matter properly comes before the annual meeting, or any adjournment thereof, the person or persons voting the proxies will vote on such matters as recommended by the Board or, if no recommendation is given, in accordance with their best judgment and discretion.

In some instances, only one proxy statement and annual report is being delivered to multiple stockholders sharing an address unless we have received contrary instructions from one or more of those stockholders. A stockholder who wishes to receive a separate copy of the proxy statement or annual report now or in the future, or stockholders sharing an address who are receiving multiple copies of the proxy statement or annual report and wish to receive a single copy of these documents, should submit a written request to Investor Relations, Quanta Services, Inc., 1360 Post Oak Blvd., Suite 2100, Houston, Texas 77056 or call 713-629-7600.
